Czone Software House, Rahim Yar Khan

### Web Developer

Collaborated closely with seasoned developers to spearhead and successfully manage large-scale and intricate design projects for prestigious corporate clients.

Proficiently wielded a vast array of cutting-edge technologies, including **HTML, CSS, Bootstrap, JavaScript, jQuery, Ajax, PHP, MySQL, WordPress, Laravel, CodeIgniter**, and mobile-responsive web development, showcasing a remarkable ability to craft clean and efficient code.

Proficiently completed detailed **Front-End & Back-End** development tasks.

As a highly driven and dedicated individual, I possess exceptional communication skills, making me an ideal candidate for the position of Front-End & Back-End Web Developer, eager to contribute my expertise towards propelling your organization to new heights of success.

### Start - 2021

### Freelancing Platforms

As a freelancer, I am a versatile and skilled professional with a passion for delivering high-quality work to my clients, with 2 years of experience working in a variety of industries and disciplines, I have honed my skills in project management, communication, and problem-solving, making me a reliable and effective partner for any project.

Throughout my career as a freelancer, I have gained invaluable experience working on a wide range of projects. My ability to manage projects from start to finish, while maintaining a high level of attention to detail, has earned me a reputation as a reliable and efficient freelancer.

My strong communication skills, coupled with my client-focused approach, have enabled me to build long-term relationships with clients.
